Assistant Health Officer's Report

As is reported by the Secretary, Beggars' Relief Committee the number of beggars in Bangalore may be more than 10,000 (?) If this figure is taken as a working basis, each enumerator will have to find and write slips to the extent of 2,000 each and the working time assigned is between 9 [illegible] to 2 a.m. or 300 minutes It is well high impossible for an enumerator to write up 2000 slips within period of 300 minutes and therefore it is necessary to have more than 50 enumerators

Secondly, there are 99 slums in Bangalore Many of them, I am sure have variable number of full time and part time beggars ~~these have to be taken~~ into consideration This task is difficult and time consuming as the enumerators have to decide whether a person is a beggar or not Therefore I suggest that there shall be an enumerator and a police constable to each of these 99 slums or for at least the majority of them

Thirdly, certain divisions in the heart of the City and Civil Station where there are a good members or beggars require two enumerators and two Police Constables as assistants

To supervise the work or Enumerator it would be necessary to have the Senior Health Inspector or Tax Inppectors and these need be paid also

In my estimation the following number of Enumerators would be required and cost thereof

99 Slums	90	Enumerators + 90	Constables @ Re 1/-	= 180-0-0
50 Divisions	50	" + 50	"	= 100-0-0
Extra for following Divisions 4,5,8,9,10,11, 13,14,15,26,27, 28,25,16,37,38, 40,41,42,43,44, 45,50	26	" + 26	"	= 52-0-0
	166	166		

Supervisors 1 for 3 Enumerators — 16 Sr H I, 10 from Engineering & Tax Inspectors = 26-0-0

Checking Officers - 10 officers 1 for 5 divisions (2 gallons of petrol) = 60-0-0

Torches for 166 persons at Rs 2/- = 232-0-0

50 bottles of ink - 75-0-0

Painting slips - extra = 50-0-0

Other expenses etc = 100-0-0

Total Rs. 915-0-0
